Crop King Seeds is leading the industry of Souvenir Seeds & Novelty Products.

Established in Vancouver, Canada 2005, Crop King Seeds started with only 40 heirloom genetics and a vision to be sold in all stores around the world. In 2019, we have added 500+ strains to our Seedbank and moved the headquarters to Los Angeles, California.

The first company of its kind to sell collectible marijuana genetics with strain specific information. If compliant with your local laws, we offer an 80% germination guarantee when following our instructions.

The ONLY SEEDBANK with 24/7 Live Support. Crop King Seeds searched the world for the most renowned breeders in the industry, we stand by our seeds.

Crop King Seeds is available in 5-packs for wholesale purchase. Every high quality pack comes with a (1) free collectible pin. The strains are categorized by: Regulars, Auto-Flowers, Feminized, Dwarf Low-Flyers, Medical, Mixed Feminized and Mixed Auto-Flowers.

SunWest
GENETICS

SunWest Genetics provides refined and balanced marijuana strains while constantly striving for perfection as a worldwide distributor. We are committed to preserving the genetic diversity and sharing our knowledge about the potential benefits that cannabis plants have to offer when used appropriately. Our seeds are cultivated by master growers who have a wide range of experience in growing strains from all regions. With our original genetics we maintain stability, yield and potency, leading the world into modern new age strains.

SunWest Genetics is now available for wholesale purchase with the option of Feminized or Auto-Flowering strains. Each 5-pack of seeds is accompanied by (1) FREE pack of rolling papers!

**SONOMA
SEEDS**

1%THC/20%CBD

In 2018, Sonoma Seeds launched with one goal in mind – to be the premier west coast seed company that provides prestigious genetics. Our focus is to ensure world class service and collectible distinctive strain profiles.

Our take on the marijuana industry has allowed us to build an exclusive strain line for our consumers in order to refine their palettes. We pride our novelty seeds on always being “Grown Organically” because we believe that quality comes from plants that have been grown in the most natural way possible.

Sonoma Seeds is available in 5-packs for wholesale purchase. The strains are categorized by: Auto-Flowers, Feminized, and Medical varieties.
